## POLITICAL.

**For Sheriff.**  
I hereby announce myself a Candidate for Sheriff of Maricopa county, at the coming election.  
JOSEPH P. FRY,  
PHENIX, A. T., June 22, 1878.

**For Delegate to Congress.**  
To the Voters of Arizona Territory:  
I hereby announce myself as a Candidate for Delegate to Congress at the ensuing November election.  
KING R. WOOLSKY.

**For Delegate to Congress.**  
To the Voters of Arizona:  
I very respectfully announce myself as an Independent People's Candidate for Re-election to the 46th Congress. If I am elected, I will strictly adhere to my former course, and with the advantage of past experience, will labor to advance the entire interests of the Territory and her people. To this end I very respectfully solicit the support of all citizens.  
Respectfully,  
June 1, 1878. H. S. STEVENS.

**For Delegate to Congress.**  
To the Voters of Arizona:  
In accordance with the expressed wishes of a great many citizens of the Territory, I herewith submit my name to the voters thereof, as an Independent Candidate to the 46th Congress of the United States, and most respectfully ask the support of my fellow citizens, promising that, if elected, I will do everything possible, in an honorable way, to serve them and the Territory.  
April, 22, 1878. JOHN G. CAMPBELL. 15-17

Samples can be sent by mail or express, and returns will be promptly made. Office, with Wells, Fargo & Co., Prescott.

## ARIZONA CONDENSED.

The following items of interest we cull from our Arizona Exchange:

—Surgeon Rossen from Camp Thomas has been ordered to Yuma.

—By the assessment of Tiptop, \$10,000 will be taken from Prescott.

—The Prescott Theatre opens this week. It is a fine building.

—Over 100 men are at work in the Peck mine.

—The weather has been quite warm all over the Territory.

—Considerable freight is shipped to Tucson, 100,000 pounds having been shipped in one day.

—Charles A. Shilbell is the only candidate for Sheriff in Pima county.

—J. F. Evans, Special Agent of the U. S. Treasury Department, is at Tucson.

—The mines of the Soite syndicate are being developed. A large force of men are at work.

—Wells, Fargo & Co., have put on a regular express from Wickenburg to Signal City.

—The Globe and Globe Ledge mines have been surveyed with a view of obtaining a patent.

—Young quail are getting strong on the wing. They seem to be in large flocks.

—A large shipment of rich ore has been made from the El Capitan mine, Globe, to the Miami mill.

—W. B. Hews who was shot by Mr. Ledden, two months ago, still lies in a critical condition.

—The funeral of J. W. Knott, was largely attended at Prescott. He was buried on the 20th inst.

—The Morris mine, Globe, is yielding good ore, and another shipment is to be made to the Miami mill.

—Messrs. Shryock & Hise received 2,000 pounds of Phenix flour Wednesday, and expect 8,000 pounds more in a few days.

—Mr. Regan, of Silver King notoriety, has leased the Silver Belle mine to Messrs. Ryder and Rhinehart, of California.

—The examination of Swilling and Kirby, set for the 15th inst. at Yuma, has been postponed, awaiting the arrival of important witnesses.

—John Haskell of San Francisco, has bonded the Flood and Kirkpatrick mines for \$8,000. They are situated in Oro Blanco District.

—The Washington and St. Louis mines, Patagonia District, have been sold and the money paid over.

—The San Juan mine, 35 miles from Tucson, has been bonded for the sum of \$12,000 for three months.

—The Cleveland company have expressed a determination to have their mill running by the first of October.

—Geo. W. Cole of the Sherman mine, Globe, is on his way back from Los Angeles county with his own team. Deer and turkeys know Cole to their cost.

—Bailey & Van Wagenen shipped 2,502 ounces of silver bullion on the 12th. On the same day L. J. Webster shipped 2,984 ounces silver bullion—both shipments the product of the Miami mill.

—David Beardsley is about to ship ore to the Miami mill from the Chromo ledge. The tunnel contract he had let to Mexican miners has been thrown up by them. At \$10 a foot they could not make living wages.

—A gentleman recently from the Tombstone District, reports three or four good mines there and that the belt is small—formation granite capped with limestone. No water nearer than seven miles.

—The Silver Belt has received from Messrs. Low, Meeks & Co., a large and beautiful specimen of silver ore taken from their El Capitan mine. It is a sample of the class of ore which they have recently been hauling to the Miami mill for reduction, and which yields about \$800 per ton.

—The Blue Bird Silver Mining Company have at Globe, 1,600 pounds of ore which they intend shipping to San Francisco, with a view of having it tested. It was taken from the mine at a depth of 148 feet. The vein at that depth is 10 feet wide.

## The Wool Market.

Boston, July 13.—In wool the improvement noticed last week continues, the demand being active for nearly all grades of domestic, with large transactions, amounting to upwards of 2,500,000 pounds and a very firm market. The new clip from the West has been arriving quite freely. Prices, as compared with current rates in the interior, are comparatively low, and it is not surprising that the manufacturers have been disposed to purchase more freely than for some time past, especially as a lower range of prices can scarcely be looked for at present. All the large wool houses here are free sellers at current rates. California is in the demand, and prices are steady and firm. Sales of 350,000 pounds Spring at 20¢ 30c. The only sale of Fall was 5,200 pounds at 13½¢.

**BUFFALO HORN,** the present leader of the Banocks, is well known in this city and throughout all the region of country embraced between the Sierra Nevada on the west, the Missouri river on the east, the Pacific railroad on the south and the Dominion of Canada on the north. He is a half-breed, and has always been friendly to the whites. Two years during the Black Hills campaign, he was Crook's chief scout, and in that position out-ranked even such men as Wild Bill and Captain Jack Crawford. He is thoroughly familiar with the strategical tactics of the United States troops, brave to rashness, and hardy beyond even the usual run of Indians. He will probably not lay down his arms until absolutely driven to it.—*Austin Bercille.*

DURING the twelve months end June 30, 1878, the issues of ordinary postage stamps by the Post-office Department, amounted to \$19,468,618, as against \$18,181,676 the preceding year; the issues of newspaper stamps increased from \$1,000,605 to \$1,093,845; the issue of stamped envelopes and wrappers from \$4,616,932 to \$4,905,774, and the issue of postal cards from \$170,000,000 to \$200,000,000. The total amount of the increase in the issues for sale to the public was \$1,975,169, or 7½ per cent., as compared with the previous year.

**QUEEN MERCEDES**, of Spain, remained quite conscious up to within a short time of her death. She addressed a few words from time to time to her father, but most frequently to her husband, whose frantic grief she alone was able to restrain. In one hand she grasped a crucifix containing a part of the wood of the true cross. She died with this pressed to her lips. Her right hand was clasped in that of her husband. She appeared to suffer but little pain, and expired while in the act of uttering a prayer.

**PORTLAND, July 18th.**—J. H. Kunzle of Umatilla telegraphs as follows to-day: Our scouts who went out ten miles from here yesterday, were fired upon by three Indians, one had his horse and saddle cut by bullets. They returned the fire killing the horse rode by the nearest Indian, but who, assisted by his comrades, made his escape.

A TARGET which, by means of electricity, shows instantaneously upon another target set up at the firing station the exact spot where a bullet strikes, and thus does away with the necessity of employing a marker to signal the result of each shot, has been recently perfected, after years of labor, by a Swiss locksmith.

In the Buckeye mine at a depth of 112 feet, the ledge was struck and the vein penetrated 14 feet. The wall rock on the opposite side from where the ledge was entered had not been reached. Developments in these mines are most encouraging and much is hoped for from further disclosures of the veins.

**THE DIRECT CABLE DUPLEXED.**—Dr. Muirhead has just successfully applied the duplex system to the direct cable between Torbay and Ireland, the longest line yet duplexed.

The bonanza mines have turned out \$100,000,000 in gold and silver bullion.

## GENERAL MERCHANDISE.

Now that the Mineral Resources of Arizona are being rapidly developed, agricultural products will be in great demand and the Farmer will quickly find himself King, and while enjoying home comforts will reap largely of the golden harvest of the hardy miner. Prospectors who are searching the mountains for hidden treasures—it may be poor as Job's turkey—will in a moment find themselves Bonanza Kings and be able to revel in luxury the rest of their days; but all men cannot become owners of rich mines! All men cannot become wealthy farmers! To the great mass of mankind the price of pork and beans will still be an object.

## E. IRVINE & CO.

Being aware of this fact, propose to sell the best quality of goods at reasonable prices. They keep in the little store nearest the flouring mill, with the sign over the door---

## VARIETY STORE.

## TIENDA BARATA.

E. Irvine & Co., keep a large and varied assortment of goods which they will sell as cheap or cheaper than any firm in town. Their stock consists of

Provisions,  
Groceries,  
Dry Goods,  
Hardware,  
Tinware,  
Medicines,  
Clothing, etc.

Miners and prospectors can do better in getting an outfit there than any place in Phenix. Young folks contemplating marriage will be surprised to find how much they can buy at the store of E. Irvine & Co. with which to make home comfortable and pleasant. Do not forget that
